WORTH OF

BOOTS & SHOES

To be sold in the next 2 months, at 20 per cent. less than Manufacturer's Prices.

THOMAS YATES,

Who, for the last 20 years has held forth in this Village, and has never yet been excelled, either in goods or quality, or [illegible] respectfully announces to the inhabitants of Batavia and surrounding country, that he is still in the field, opposite R. R. Worthington & Co's Hardware Store and nearly first door from the corner of Jackson street, where may be found an extensive assortment of

BOOTS, SHOES, RUBBERS & GAITERS,

of the latest styles and most approved workmanship, which will be sold from 10 to 20 per cent. less than the usual prices. This is one of the rare opportunities to obtain GREAT BARGAINS, now offered to the people of Western New York, so it is desirable that the stock should be cleared off by the first of December next.

Ladies' Black Pox Gaiters only 62 cents, Ladies' Black Pox Gaiters only 75 cents, Ladies' Black Pox Gaiters only 87 cents, Ladies' Black Pox Gaiters only 100 cents, Ladies' Black Pox Gaiters only 125 cents, Ladies' Kid Congress Gaiters, thick and thin soles, low cuts, new and fashionable.

Boys' and Youth's Patent Leather, Calf, Kip and Double Sole Boots, Brogans and Gaiters, at low figures. Men's Brogans for Boys' Stage Boots $2.00.

MEN'S RIP AND TEAR

DOUBLE SOLE BOOTS,

Custom Made, worth $3.25, I shall sell for $2.50 and 20s. Children's Shoes, a large assortment, Fancy and Plain, Kid, Calf and Morocco, from 15 cents up. Ladies' Kid Boots and Slippers, 2s, 4s, 6s and 8s.

My Stock is too extensive to specify. I have on hand more than all the Shoe Dealers in this Village combined, and am quite enough to fill all their small stocks, and still have a large supply left. All will be sold at less than Rochester City Prices. You are all invited to call and examine the Goods, whether wishing to buy or not. All those who come together, will not stick up, can have their [illegible] money and without price. Goods exchanged or refunded.

WHAT RIGHT HE HAS?

Has every man and woman, every child, every animal and every quadruped entitle their own rights—and give to Nature its own full of life without stint—without stint, and without infringing upon the natural rights of other. "Let every dog have his day," nor allow infringement to take possession of the better course, while nature rules the world. God, in Nature, [illegible] equality and unabridged sovereignty. The human we one, and the world of humanity a unit; and the practice of gouging one to build up another is foreign to good breeding and the genius of our Republic. If Corporate bodies have power let them exercise it with reason, with this discretion that becomes our institutions, and in harmony with our advanced position of Freedom—avoiding all advantage in the way of oppression, and unjust aversion.

In carrying our village improvements it seems laudable to facilitate them as fast as possible; for it also seems extremely unjust to assess the poor laborer their limited means to make outlay which the authorities are now exacting. Some are too poor to meet the demands upon them [illegible] unfortunately, remove might arise, not to invoke against the "Powers that be" when justice was only the intent. And others have property that the improvements will greatly enhance the expense to the owner, in allusion to the grading of the streets and sidewalks, which is perhaps matter source of considerable grievance; but in these cases the owners have plenty of the "one thing needful," and therefore do not such the same amount of sympathy with those who have nothing but their hands to procure the fee; the Corporation may demand of them. In all things we go for reason and equity, and hope justice will prevail, which we have no doubt will be meted out to all—through the wisdom and efficiency of our Corporation officials.

Hiram Hosmer will Walk Across the Niagara River at the Falls.

We learn that Mons. H. will walk over the Suspension bridge in a few days. The Daily Gazette of Tuesday says:—"We have that Mons. Passez de Sublimes have secured the necessary amount of rope—about one thousand feet of cable, and twenty-six thousand feet of smaller guy rope—which will probably be here from New York, by Wednesday or Thursday of this week. It is to be manufactured expressly for this purpose. The cable will be put across about half way between the falls and Suspension Bridge—over "Which Pleasure Grounds." It will have guys extending to the banks in various places to keep it steady. The day has not yet been fixed for the performance of this wonderful feat, but will be announced as soon as determined. The attention will bestow anything ever performed in this region, except perhaps the famous leap of Sam Patch, and will no doubt attract an immense number of people. We should, in justice to our citizens state that this performance is out of their solicitation, but is of Mons. Blondin's own getting up. People abroad who are disposed to regard it as a shrewd business dodge of our business men, should bear this in mind."

All agree that the office of the Sheriff, Hadnah Co., Iowa Territory, of the 9th inst, gives the following particulars of the various lines of all the criminals in the County Jail, by a mob of disguised citizens. It was an extraordinary proceeding:

Sheriff Long yesterday received information that a body of men contemplated breaking into the jail and disposing of the prisoners, who were quite numerous, and also some boys, there at an expense of from $60 to $65 per month. This has no doubt, is the inciting cause of the outbreak. The Sheriff immediately went over, but found nothing to excite serious apprehension on his part, and, as he intended an early home, but not being satisfied, returned.

At about 10 o'clock at night a force of about 100 men, disguised, appeared before the jail and demanded the keys of the jailer Miller. To this request Mr. Miller positively refused. Sledge hammers were brought into requisition against the door—it yielded and the jail was entered. The prisoners, we learn, all made good their escape but Carpenter, guilty of arson. He is said was spirited away, and his fate remains a mystery.

Rare Billiards.

Frank Parker, a young man residing in Janesville, Wis., has made the largest run which has ever been accomplished by any player. The Janesville Daily Times says: "It was made while playing on ordinary full game, and the first seventy-two points were made, "round the table," after which the two red balls and the one ball being about eighteen inches from the cushion, he placed them so skillfully and carefully as to make one thousand seven hundred and sixteen consecutive carom, making in all 5,170 points! The billiards were fairly made and the time occupied was about two hours, when Frank being fatigued, and doubtless somewhat nervous and excited, accidentally "foul" them and thus was compelled to quit."

New York, June 15.

The barque Orion sailed 21st Jan. from this city and arrived at Shark's Point, Congo River, April 10th. Here she was seized by an English steamer, the Triton, and subsequently transferred to Commander Breton, of the Marion, who on examination became convinced that she was a slave trader. He accordingly put a prize crew on board and ordered for home. A few days before she sailed the barques Arden and Emma, Liberi were also seized by commander Breton, and will probably be sent home.

The barque Orion, which seized on Congo River arrived here last evening. On the 25th May Capt. John E. Hanna, of the Orion, died, as is said, of a broken heart.

St. Louis, June 15

The Overland mail of the 23d has arrived.

The primary election in San Francisco for choosing delegates to the Democratic State Convention resulted in the choice of 14 of 18 who are understood to be in favor of John Nugent for Governor.

Fourteen convicts had escaped from the State prison by cutting a series of holes 18 by 22 inches in size through the partition walls and cells which are 2½ feet thick, and thence through the centre wall 3 feet thick.

New York, June 15.

The non-hitting exercise of the examination occurred at West Point yesterday.

A class of 22 graduated.

The Hon. John Kerr, N. C., delivered the address.

Gen. Scott was present but took no active part in the exercises.

Hollidaysburg, Pa., June 15

A train of the C. and P. ran into a train of the Pittsburg, Fort Wayne and Chicago road, while standing here this afternoon taking in wood, injuring the following persons:

P. Kinthson, of Lancaster, and Mrs. T. B. McKean, seriously; Josiah Stewart, of Circleville, Pa.; C. L. Warner of Salem; Frank Grebe, of Shelbyville; W. A. Benton, of Chicago; T. H. D. Hicks and Edward D. Porter, of Boston; D. M. Cook of Mansfield, slightly. A number of others also received broken whose names are not known.

A savage attempt to commit suicide occurred in Philadelphia on Saturday night. A man named William Murray filled a tobacco stalk with gunpowder and threw a lighted cigar into it. The loss of a thumb was the only injuries he experienced from this attempt. He then plunged the blade of a pocket knife into his breast, but with no very serious effects. Determined not to be foiled, he pounced a chisel, and inflicted a severe wound on his arm; but notwithstanding all these attempts, he was not dangerously wounded.

Mr. John Coats and wife, aged respectively 71 and 70 years, who are now living in good health, about two miles west of Williamsburg, Ind., had a family festival at their home on the 19th ult, at which were their children and grand children, numbering in all 144. All that were present were seated around one table, and from the account given by the Randolph Journal, those who were absent and deceased, if added to the group present, would have made the total number 171.

—The State Temperance League was in session at Syracuse on Tuesday, but the attendance was meager. The subject of nominating a State Ticket was urged, but finally given up.

NEWS SUMMARY

—London papers of the 29th May announce the arrival of Gov. Brownlow at Fenton's Hotel, London.

—Bishop Potter, of Pennsylvania, with his family, arrived at New York in the Fulton. The same vessel also brought back Brevet-Major General Totten of the United States army.

—We regret to state that Gov. Morgan met with quite a painful accident yesterday. In passing down State street he stepped upon a rough spot in the side walk and severely sprained his right ankle. This morning the limb was much swollen and considerably inflamed, rendering it very difficult for him to walk.—*Albany Atlas & Argus, June 13th.*

—The Boston Post says Bennett's readers don't appear to think that great failure of his was entirely total, so to speak, when they refused 75 per cent. on unexpired paper to the amount of 20,000; or else they have pretty strong confidence in his future prospects. Perhaps Bennett's "failure" was the greatest "humbug" he ever perpetrated.

—The Hamilton Times in noticing the agitation now going on in the Upper Provinces for a dissolution of the Union says: "Abundant evidence reaches us from every quarter of the Province of Canada West that the agitation for a dissolution of the Union and for fundamental changes in the Constitution will be sustained by a very large and influential party of men."

—The admirers of Smith O'Brien in Cincinnati have presented a magnificent black walnut chair at a cost of $400 to present to that gentleman. The workmanship is said to be the perfection of mechanical ingenuity, and the trappings are of the most costly material. The ornaments consist of Irish and American emblems interwoven.

—Mr. John Hibbard, a planter, of Napoleon, Arkansas, while crossing the river at that place, in a skiff with one of his negroes, fell overboard, and, although a very good swimmer, was drowned through the awkwardness of the negro, who ran the skiff over him several times.

—Another Railroad War in Prospect.—It is intimated that the Lake Shore road from Buffalo to Cleveland, has reduced fare from five to four dollars.—This portends ill-feeling with some rival route, and another war between the railroads may be the result.

—It is said that there are several young Athelstans in Paris—mere boys—who spend $100 per day in fast living.

—A fellow living near Evansville, Ind., killed himself a few days since, by drinking forty-five glasses of lager-beer in quick succession.

What a fool!

—Two conductors on New York city railroads have been arrested for passing bogus ten cent pieces. The manufacturer was also taken into custody. The proof against them is strong.

—A maid who registered himself as Wm H Watson, Buffalo, cut his throat in Chicago Hotel on Saturday night. He was about 40 years of age.

Speculation in Railroad Tickets.—In Cleveland the Railroads sold but 10 low fare tickets. In Chicago the Herald says: "The rise in the price of Railroad tickets has caused quite a fluttering in the community. The beauty of the joke is that the speculators have got the biggest share in their hands, and agents have not few whatever to supply travellers.—Speculators refuse to yield except at prepaid rates and Agents are somewhat troubled."

With the parading fabrics of winning dreams in his mind, a newspaper writer says if America should be too rash for France, and the invaders should reach Paris, the parisian and disparaging ladies of the empire, anxiously to survive its fall, would not feel it necessary "to have their bosoms to the weapons of the enemy," the millinery having saved them the trouble.

Latest News.

BY TELEGRAPH.

Further by the Europa.

HALIFAX, June 15

At the fight at Palestro, the Sardinians are believed to have been terribly cut up, but their loss is not mentioned.

An Austrian general is reported to be killed.

Napoleon subsequently visited the battle field and congratulated the Sardinians on the result.

On the 3d it was telegraphed from Turin that Austrians had withdrawn to the eastern bank of the Po, and had abandoned Torre Beretti and the neighboring country.

In regard to the Zouaves, they say they performed wonders.

Some dispatch says: although unsupported and in front of the Austrians battery of eight guns, the Zouaves crossed a canal, ascended the heights—which were very steep—and charged the Austrians with bayonet. More than 400 Austrians were thrown into the canal and six pieces of cannon were taken by the Zouaves.

The loss of the French was considerable.

The Emperor has conferred the Grand Cross of the Legion of Honor on General Forey.

The French troops were concentrating at Casale, Valenza and Vercelli.

The Austrian accounts of the Palestro affair were not published.

Gen. Neil entered Novara on the 1st, after a slight encounter with Austrian outposts, who shortly fled. The Emperor arrived there the same evening amid the acclamations of the people.

The Austrians endeavored to cross the Po at Bosignana, eight miles N. E. of Alessandria, but the inhabitants opposed them firing upon and destroying an Austrian bateau.

The Valtellina was in insurrection, and the town of Sondrio, 24 miles N. E. of Bergamo, had pronounced for Victor Emmanuel.

The Duke of Parma had arrived in Switzerland with a numerous suite.

The French officers of the Engineers had arrived at Ivrea, and were collecting vessels to cross the Lago Maggiore with 200 men.

FRANCE

The Moniteur publishes the official notification of the blockade of Venice.

The recall of the French soldiers on leave of absence had added 120,000 veteran soldiers to the French army.

Flat bottomed boats were being constructed in France for the navigation of the Po, Ticino and other rivers.

The French Engineers are said to have recommended the fortifications of Gross Verdun.

The Paris Debats had a letter from Rome stating that Piedmont has recognized the neutrality of the Pontifical States on certain conditions.

TURKEY

The garrison of Belgrade has been reinforced, and it was reported that it would be trebled.

It was also said that the Porte was about to send a strong naval force to the Adriatic.

The Herzegovina was reported to be in open revolt, and the latest intelligence says the whole of European Turkey was bordering on revolution.

GERMANY

The feeling in some of the States of Germany against the French is so strong, that a French manufacturer at Hesse Cassel, employing 700 workmen, has been compelled to quit the place on account of the excitement.

MEDICINES.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which the fluid becomes vitiated, weak, and pure. Being in the circulation, it pervades the whole body, and may have say its disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by inherited disease, low living, disordered or unhealthy food, impure air, filth, and want of bathing, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parent to children unto the third and fourth generation;" indeed, it seems to be the act of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of curious or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which poisons in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumptions which decimate the human family have its origin in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

Our quarries of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must necessarily purify the blood by alterative medicines, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most efficient remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is compounded from the most active remedials that have been discovered for the extirpation of this foul disorder from the blood, and the cause of the evils it may produce from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, ERYSIPELAS, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The particular virtues and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

are so compounded that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy structure. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy so mild or simple and inviting.

Not only do they cure the everyday complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a Disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even dangerous diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

CONSUMPTION CURED!

DR. CHURCHILL'S DISCOVERY.

Winchester's Genuine Preparation of the chemically Pure Compound of the

HYPOPHOSPHITES

of LIME, and of SODA,

Originally discovered and prescribed by Dr. J. F. CHURCHILL, of Paris, as a Specific remedy for

CONSUMPTION!

The extraordinary results attained in all stages of pulmonary disease by Dr. Churchill's new Treatment—the HYPOPHOSPHITES OF LIME AND OF SODA—convince all remaining doubts as to the invaluable value of this Discovery—Consumption is no longer to be regarded as an incurable malady.

Many hundreds of physicians have already adopted this treatment with almost invariable success. Let no Consumptive delay a moment to try it. It is their last hope!

Dr. Churchill says:

"I am anxious that the HYPOPHOSPHITES should be brought, as speedily as possible, into universal use, as I know that they will prove the cure

As Sure a Remedy in Consumption as Quinine is in Intermittent Fever, but also as Effectual a Preservative as Vaccination in Small Pox.

"In my hands I have found the remedy fail to produce everything that could reasonably be expected from it.

"Out of twenty-two cases in the thirteen last years treated at my Dispensary, during the past year, eight have completely recovered, eight have died, and six are still under treatment. Such a result is altogether unprecedented in the annals of Medicine."

☞ This Remedy is the most powerful producer of blood known, and is equally efficacious in all forms of Debility, Asthma, Bronchitis, Nervous Diseases, Chlorosis, Dyspepsia,—or whatever depends on deficient vitality of the system.

Winchester's Genuine Preparation

is put up in large bottles with the following words blown in the glass: "Dr. J. F. Churchill's Hypophosphites of Lime and of Soda. J. Winchester, New York." Each bottle has also a fac-simile signature.

☞ No other can be relied on as the pure Hypophosphites. Others perhaps pure, they are not only useless, but positively injurious. No other drug should be substituted with them, or taken at the same time.

☞ Price, $1.00, or three bottles for $2.50, with full directions for use. A liberal discount to Druggists and the trade. The Dry Salts are also for sale by the profession. Single bottles to professional men sent by mail, when specially requested. Sold wholesale and retail at the Principal Depot in the U. S., 43 John Street. Let no one deceive you, but purchase and use only "Winchester's Preparation."

Dr. Churchill's Work on Consumption

is now ready, and will be sent gratis to any Consumptive or Nervous sufferer in the U. S. on receipt of twelve cents in stamps to cover expense of postage. Also, circulars and all requisite information without charge. Let no one delay a trial of this invaluable remedy, which is positive in its relief and a certain cure in most cases of Consumption. HERB DISPENSARY!

(Front, Up Stairs, Buffalo, N. Y.)

A SURE, SPEEDY, AND MOST SUCCESSFUL CURE OF VEXATIOUS

Spermatorhœa, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community, depriving thousands of the vigorous youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Dyspepsia, or dyspepsia; wasting and consumption of the bones of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs; palpitation of the heart, asthma, bronchitis and sore throat; choking of the throat and throat, aversion to society, and an insurmountable aversion to study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa, or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named diseases and a host of others not named here, have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of the School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without mercury or poisons. The facilities of cure are such, that patients can be cured at their own homes without exposure, in any part of the country, from an accurate description of their case by letters, and have the medicine sent them by mail or express.

Young Men suffering from those fearful ills, will receive for $5 a course of Health Pills, and medical chart of cure, which will be to them a fore-thought through life.
